

Dear Hiring Team,

As an accomplished Senior Machine Learning Engineer with over 6 years of experience, I am excited to apply for the Senior AI Developer role at EVERSANA. In my previous roles, I have demonstrated a strong track record of driving significant improvements in AI/ML model performance and data processing efficiency. For instance, at AMD, I led the development of advanced AI models that resulted in a 15% improvement in GPU processing efficiency, and at NVIDIA, I contributed to machine learning models that enhanced data processing speeds by 25%. Additionally, I have extensive experience in architecting scalable ML/AI tool development pipelines and establishing rigorous quality control measures to ensure model integrity and performance. I am confident that my technical expertise and proven ability to collaborate cross-functionally make me an ideal candidate to contribute to the success of EVERSANA's AI Agency Platform. I welcome the opportunity to discuss how my qualifications can benefit your team.

Best regards,

Harmain Ali
